Getting Help

Help for **The Raiser's Edge** is available in two main ways: the user guides and the help file.

User guides refer to pdfs and printed versions of all **The Raiser's Edge** user guides. These guides are useful when you need in-depth information about a specific area of the program. You can view guides on your computer, or you can print selected pages or entire guides.

These guides are available on the User Guides shell page. You can access the user guides in two ways:

- Click **Help** in the Raiser's Edge bar and select **User Guides**. The User Guides page appears listing all the available **Raiser's Edge** user guides.
- Select **Help, User Guides** from the menu bar. The User Guides page appears.

The help file is designed to give you quick answers; it contains a table of contents, index, and search features that enable you to find information about all areas of **The Raiser's Edge** from a single location. To access the help file:

- Press [F1] on your keyboard to open the help file to a topic with specific information about the screen you are currently on in the program
- Click **Help** in the Raiser's Edge bar and select **Help Topics**
- Select **Help, The Raiser's Edge Help Topics** from the menu bar

You can also access the most recent pdfs of the user guides from www.blackbaud.co.uk. Select **Support, User Guides**.
