Customer Story

Genesis Breast Cancer Prevention unlocks the “power of the internet” using Blackbaud Online Express.

Genesis Breast Cancer Prevention was founded in 1996 and is the only UK-based charity focused entirely on the prediction and prevention of breast cancer.

Why did you decide to sign up to Online Express?

“Raiser’s Edge has been fantastic for us, but we knew that if we wanted to step up our fundraising efforts even further, we would have to **harness the power of the internet**. We’re a very small team, so whatever solution we introduced would need to be **simple, yet effective**.”

What is your favourite function of Online Express?

“**The function that I like most is ebulletins. We now have a streamlined system in place** and I really feel like we’ve made such a big impact already. **The ease of use is just phenomenal** - once you set up one mailer it’s so easy to duplicate them. What’s more, because it’s interlinked with Raiser’s Edge we now have the capability to track who has opened and responded to which emails.”

What impact has Online Express had on your organisation?

“Online Express has worked wonders for our website. **We now have a versatile site that allows our users to interact with us more freely** – an invaluable tool that will contribute to the success of many of our projects going forward. We’re really proud of our website now and it’s all thanks to Online Express!”

Would you recommend Online Express?

“Absolutely! Right from the start, the key to us unlocking the power of our website was to have a solution in place that was straightforward but valuable. **Blackbaud Online Express has most definitely delivered this!**”
